

**REMARKS**

Claims 1-10 are currently pending in the patent application, of which claim 10 has been cancelled. Applicant respectfully submits that the present amendment places the application in condition for allowance, and therefore should be entered.

The Office Action notes a request to submit Figure 8 and to insert specific language into the Specification. Applicant submits that a "Figure 8" is not required for understanding of the invention, and instead offers the present amendment to the specification, removing any reference to a "Figure 8."

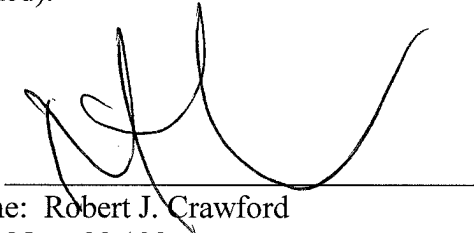

Claim 10 is rejected by a product-by-process claim. Without acquiescing, and in an effort to expedite prosecution, claim 10 has been cancelled. As such, the rejection of claim 10 has been rendered moot.

The Final Office Action indicated that the remaining claims 1-9 are allowed. Therefore, Applicant believes that the application is in condition for allowance. Should there be any remaining issues that could be readily addressed over the telephone, the Examiner is asked to contact the agent overseeing the application file, Peter Zawilski, of NXP Corporation at (408) 474-9063 (or the undersigned).
